Agenda II – Announcements—The following representatives’ terms expire this year. A notice will be sent to their respective departments and individuals may be re-elected by their departments.

Michael Bossé, Mike Brown, John Carlson, Kylie Dotson-Blake, Cheryl Johnson, Jami Jones, Laura King, Sharon Schleigh, Shari Steadman, Jane Teleki and Ivan Wallace.

The number of representatives in Curriculum and Instruction (C&I) in the COE may change. It was approved by the COE and the University Code Screening Committee to reorganize C&I. It is pending approval of the Faculty Senate and Chancellor.

The university will begin using a plus/minus grading system this fall. There are particular courses in teacher education requiring a grade of C or better. This may need to be referred to the Policy Committee to review how the minus grade will affect students. Mike Brown reported that the Faculty Senate considered a C- as a repeatable course.

Agenda III-Assessment Update & Accreditation

In the absence of Diana Lys, Vivian Covington reported that SACS reports are due May 4 in TracDat for Dr. Lys’ office to review by the deadline. The university will review these June 1, 2012.

Agenda IV – Standing Update from Office of Clinical Experiences

Susan Morgan, Lead Coordinator OCE/AL thanked the Internship Coordinators for allowing her to meet with them to collect the SRI applications. Student’s internship placements will be posted on OneStop in June or July. There are 500 placements to be made; please be patient. The next collection dates for Senior I/II are May 11 and July 2. The July date is mainly for new MAT students and students completing Summer I courses to be eligible.

Most updated licensure only and add-on templates have been received. The most current information is needed. If you have not returned your updated template, please do so.

Agenda V–Old Business

Renewal reminders and forms have been sent to faculty members whose licenses are expiring this June. The renewal form and documentation is due in the Office of Teacher Education May 1.

Any approved placements outside of a public school are needed for the annual practica report to the Dean.

Having graduate student information/placements available in the Teacher Education Management System (TEMS) to include tracking information will be in place shortly.
The Student Teaching/Internship Performance Evaluation form, Form S, is being replaced by the Certificate of Teaching Capacity. These new forms were sent to the university supervisor March 19 for distribution to the clinical teacher (CT). The supervisor and CT should work together to rate the five standards. To be recommended for a teaching license, each standard must be "Met". The signature of the supervisor and student intern are required on this new form in addition to the CT. The CT will forward the form to the appropriate individual in the central office for the final signature before being returned to the Office of Teacher Ed.

Mark Malley stated that in the past art students created a portfolio showing actual artwork. Would this still be useful? Ivan Wallace said that his students in business/marketing produced products on disks, which were useful later in interviews.

**Agenda VI—New Business**

SOCl 1010 was passed by the Faculty Senate as a Foundations Curriculum: Social Science credit. The chancellor now as to approve this. Once approved by CTE, as was originally discussed, this will allow students to use this course in place of EDUC 3002 or PSYC 2777. Hopefully this will be ready to offer in the fall.

Ellen Dobson is loading the feedback forms today in TaskStream® for the clinical teacher, supervisor and intern.
