Study Spanish in Granada Spain

Semester and Summer Programs

EDUCATIONAL TOURS & STUDY ABROAD PROGRAMS
The city of Granada has a privileged geography, located halfway between the sea and the mountain. It has an unmistakable Moorish essence, due to the fact that it was the last city to be reconquered by the Catholic Monarchs in 1492. One of its old neighborhoods, the Albayzin, has been awarded the World Heritage designation, together with the Alhambra and Generalife. Besides, Granada is considered one of the cheapest cities in Spain and Europe to live as a student, and nowadays it boasts a broad cultural and leisure program. The University of Granada was founded in the 16th century and holds a population of 80,000 students. All classes are taught at the University’s Center of Languages, and transcripts are officially issued by the University.
