Finding Articles

1. Using Eric via EbscoHost through the Library’s database section, search for articles related to your disability area and content area.

2. Find the databases that start with E
3. **ERIC** via EBSCOhost is towards the bottom. You will need to scroll down the page.
4. Search for your topic. Disability area and content area. I want to find more on reading fluency for students with learning disabilities. I also selected “peer-reviewed” to help me out!
5. Find articles of interest to you that address your disability area. Note, the first one is NOT learning disability.
