How to Hide ("Remove") Your Past Courses from your My Courses in Blackboard

1. Go into My Courses. Under Personalize Page, you'll see a little round button. See below.

2. Uncheck EACH course that you do not want to display. (You can also use other check boxes to determine how you want your courses to display.)

FYI: Courses eventually are permanently removed in batches. Until then, this is the best way to hide your old courses.
